

# Final Disposal Sites in Yokohama

**Chie TACHIBANA**

**Director of Management of Reclaimed Land for Disposal Division,  
Resources and Waste Recycling Bureau,  
City of Yokohama**

- ✓ Environmental awareness was enhanced among citizens.
- ✓ The 1971 Waste Management Act introduced environmentally-friendly landfilling concepts.  
(Installation of fences, permeable water treatment, odor prevention measures, etc.)

**How landfilling was done  
(1972)**

**Waste Dumping  
(1957)**

# Safety Measures

**Regulations for Final Disposal Sites**

# Current Final Disposal Site

- ✓ Since 2011, the Minami Honmoku Final Disposal Site is the only Final Disposal Site under operation in Yokohama.
